Design & Technology Summer Challenge 2024

During the summer, we'd like you to choose **ONE of the following** creative challenges to help us get to know you!

- The theme for this project is **YOU.** It should showcase your interests, achievements, style and personality.

- After completing your chosen task, bring into school to show your teacher when you return

- You can choose whether each task is best presented digitally or on paper

- Look through the examples on this PDF for ideas on how to get started with each task, but please feel free to use your own style and think creatively!

Design & Technology Summer Challenge 2024

Produce a fact file all about you and your interests and hobbies.

Include lots of information and interesting facts and present it in an interesting way.

Fact file

Produce a Mood board which shows a huge range of images linked to you and your interests

Mood board

Produce a video which will allow us to get to know you. Think about how this could be edited and presented using apps.

Video

Produce a painting or drawing which is inspired by your individual style or achievements.

Painting/ Drawing

It's all about you!

Choose one of these tasks to complete to the best of your ability and bring into school in September.

You may complete the tasks on paper or digitally, use whatever resources you have at home.

Poem/Rap

Produce a poem or rap which highlights your interests or achievements.

Model

Produce a 3d model inspired by you, your achievements or interests.

You could use card, plasticine, kitchen utensils, recycling etc.

Presentation

Produce a PowerPoint presentation which informs the viewer about you chosen person, make it interesting and visually exciting

Activity

Produce a game or activity which would teach others about you.

This could be a board game, crossword, jigsaw, cake etc.
