

# MATHS SUMMER TASK

We would like you to work on some tasks on MyMaths. These tasks are topics that you have covered in Primary school and are there for practice before arriving in Year 7

- The website is [www.mymaths.co.uk](http://www.mymaths.co.uk)
- The school login is telford and the password is algebra
- Then enter your personal username and password in the my portal area. These were given to you on the induction day

You don't need to complete every task but you should try at least 3 of the tasks. If you have any issues with login details please contact the school reception. Alternatively you can email Mr Brindley: [wbrindley@ttsonline.net](mailto:wbrindley@ttsonline.net)

We look forward to seeing you in Maths in September!
