

Business Alumni – Where are they now?

At TTS I studied Triple sport through the Football Academy and BTEC Business. I then moved onto University at Nottingham Trent University studying BA Business Management where I achieved a First Class Honours Degree. I am now a commercial executive at Europe's largest R&D tax consultancy and I am a Forex Trader for a Proprietary Trading Firm and teaching over 25 clients. I was inspired by being able to earn a salary and being able to earn based on meeting my targets also.

Name: Kamahl Best

Job Title: Forex Trader

My future plans involve moving into Business development within R&D, growing my business and increasing capital from the trading firm and moving into property investment.

Studied at: Nottingham Trent University - Business Management BA (Hons)

Business Alumni – Where are they now?

Name: Harriet Butler

Job Role: Self Employed - Entrepreneur
Studied at: Liverpool John Moores University

I studied A levels in Art, Business, and English language at TTS before going to University, to study Fine Art.

I graduated during the pandemic and went on to set up my own business via Instagram called *'Harriet Btlr Designs'*. As jobs for new graduates were thin on the ground, I needed a source of income, leading me to sell abstract painting through Instagram. The inspiration towards my career path really stemmed from my enjoyment in lessons at school, being able to combine Business and Art together in order to create a job that I love.

After recently moving to Manchester to better my career in the creative field, I have secured my own studio space in order to fully dedicate all my time to painting. I have some exhibitions coming up where I plan to raise money for charity by auctioning off my works.

My future plans would be to continue to grow my business big enough to one day own a warehouse selling paintings around the world!

Business Alumni – Where are they now?

Name: Lauren Crompton

Job Role: HR Consultant

Studied: Human
Resources
Apprenticeship

I left Thomas Telford in 2018 after completing A-Levels in Business, English Literature and History. I knew that I wanted to pursue a career in Human Resources. I started as a HR Administrator in a local company, quickly progressing to a HR Advisor, and completed my Level 5 CIPD Diploma in Human Resource Management. I am now in a new role as a HR Consultant, providing support to businesses both regionally and nationally.

My parents have always told me to follow a career in something **that I enjoy and am passionate about**, and after studying Business at A-Level I decided that the best career for me would be to mix my people passion with business. Every day is different in my role, and I am constantly learning, which I love.

The next steps for me will be to continue expanding my knowledge through completing my Masters in HR Management and become a Senior HR Consultant. I would love to have my own HR firm one day!

Business Alumni – Where are they now?

At Thomas Telford School, I studied 6th form courses in Business, Physical Education, Geography

What inspired me: I've always been interested In finance and how businesses make their money and thought accountancy would be a good way to learn more and get inside knowledge

Name: Charlie Percox

Job Role: Private Client Tax

Future plans: Once I complete my ACA (Chartered Accountancy qualification) I plan to start my own business and invest into property and companies to hopefully earn passive income to reinvest for the future

Studied: KPMG 360 programme - Apprenticeship
