Local Job Market Information

There are many job markets across the West Midlands. You can find specific information on these areas:

- Birmingham and Solihull
- Coventry and Warwickshire
- Shropshire Herefordshire Telford & Wrekin (The Marches)
- Worcestershire

For effective job searching you could start by looking at vacancies with major employers. Here is a list of major employers who are often recruiting in the West Midlands.

The West Midlands has several expanding businesses so another way to job search is to look at the jobs which are growing across the whole area. Here are some of the main job opportunities linked to major employers:

Advanced manufacturing and engineering

Across the West Midlands we need more engineers to work in areas such as robotics, cyber security, biomedical technology, satellites, driverless vehicles, smart energy, manufacturing equipment and agri-tech Telford & Wrekin, Herefordshire and Shropshire already employ more people in advanced manufacturing and engineering than the UK average.

Jobs

robotics | cyber security | biomedical technology | telecommunications and satellites | driverless vehicles | smart energy | agri-tech | low-carbon technology

automotive | machinery and equipment manufacturing | metals and polymers (such as plastics) | food and drink production

Employers

BAE Systems | Caterpillar | RAF Cosford | Bridgnorth Aluminium | Denso | Stadco | Aga, Cobra Seats, Ricoh, Maxell, Holden Aluminium Technologies | Grainger and Worrall | Doncasters Group | Cedo UK | Bischof and Klein | Classic Motor Cars

But there are many more smaller employers offering a broad range of careers.

Construction

The demand for construction workers is expected to grow because of increase in the building of road and rail links and houses. Herefordshire and Shropshire both already employ more construction workers than the UK average and this is forecast to increase.

This means that 2,800 people will be needed each year to 2021.

Jobs

Carpenters and joiners | Electricians | Bricklayers | Steel erectors and structural fabrication | Construction process managers

Food and drink manufacturing

The wide range of food produced across Shropshire, Herefordshire and Telford & Wrekin means that there are small-scale opportunities in this sector as well as roles within large companies. The Ludlow Food Festival showcases the area's reputation for celebrating high quality food and there are plenty of smaller food festivals and local farmer's markets where local food and drink producers can tap into both local and visitor trade.

Local strengths include:

dairy | meat | alcoholic beverages | confectionery | fruit and veg | fresh and frozen products

Linked to the sector is a well-established supply chain in food packaging, equipment manufacturing, materials innovation development and specialist storage and logistics services providing a host of interesting careers.

Jobs
