Unit 3

PRINCIPLES OF HEALTH & SOCIAL CARE PRACTICE

TASTER LESSON

Starter Activity

Look at these 5 photos and discuss with the person next to you:

- What **values** does each photo make you think of?
- Why are these values **important** in Health & Social Care?

Lesson Aims

- ✓ Experience a taste of Health & Social Care as a subject
- ✓ Gain insight into Unit 3 Principles of Health & Social Care Practice
- ✓ Consider career possibilities with a qualification in Health & Social Care
- ✓ Prepare for your summer project

NHS Values

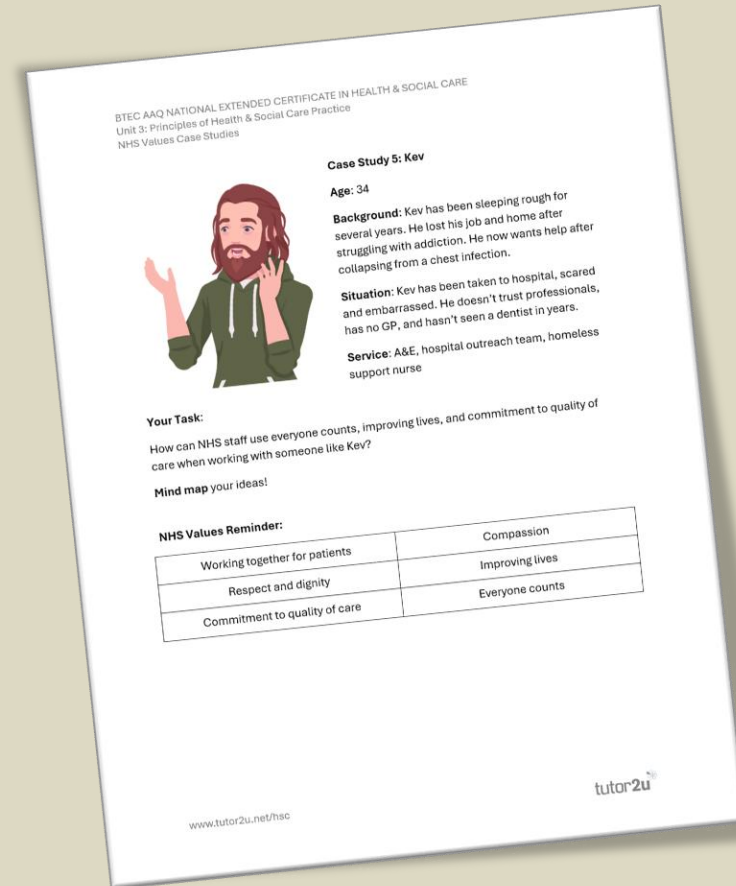

- Teamwork: **working together for patients**
- Acknowledging different cultures, religions, sexualities, genders: **respect and dignity**
- Skills and training : **commitment to quality care**
- Listening to others without judgement: **compassion**
- Providing care and treatment: **improving lives**
- Treating everyone fairly: **everyone counts**

Putting NHS Values into Practice

In pairs or small groups:

- Read your allocated **case study**
- Think carefully about the individual's situation, how they might be feeling and what might be important to them
- How can the **NHS Values** be used to support each individual as they access health or social care services?
- Complete your **mind map** and be prepared to **feedback** on your case

Health & Social Care Careers

List it!

Working with a partner take 3 minutes to list as many NHS careers (job roles) as you can think of!

Health & Social Care Careers

Job description

- Everyone **working** in the NHS must demonstrate the **NHS Values**
- Create a **job description** for an NHS career (job role) of your choice
- Your job description can be **written** or a **poster** and it should clearly outline the expected **values** and **behaviours** of the job

Independent Learning

Research the **6Cs**

What are they? What do they mean? Why are they important?

Prepare a **creative way** to show what you have learned – a video, a TikTok, a poster, a poem or a presentation.
