

Subject	Y10 Threshold Concepts – Spring Term	How to support students' learning
French	Half Term 3 – Lifestyle and wellbeing This topic looks at lifestyle choices. Students will learn to write and speak about food and drink, typical meals and state what a healthy diet consists of. Students will also learn to talk about well-being and illness. They will also learn about the Role play section of the speaking exam and how to respond to questions. Grammatically, students will focus on the Future and Conditional time frames and use of modal verbs. Half Term 4 – Mock examinations and feedback Students will sit their mock examinations during this half term. Year 10 students will sit mock examinations for listening, reading and writing. There will not be a speaking mock examination at this time. Following their mock examinations, students will learn how to complete a speaking exam by looking at each task in detail. They will then receive detailed feedback on their mock examinations.	Your child is completing the Pearson Edexcel GCSE French (2024). As your child is now preparing for their examinations, it is vital that they are completing their weekly homework and revision tasks as set by the teacher. Weekly vocabulary practice will be assigned on www.languagenut.com. All students are provided with an individual login to this website in September. In addition, www.languagenut.com will be used weekly for examination skills practice in listening and reading across each of the key themes. We recommend BBC Bitesize for revision of exam skills and grammar. https://www.bbc.co.uk/bitesize/examspecs/zhkvkhv As students prepare for their speaking examination, they must be reciting and memorising key questions, vocabulary and answers at home. A “little and often” approach works best for language learning and so 5-10 minutes a night is recommended. SharePoint is used to share resources and lessons with students.
